

International Call Centre:

+27 11 699 2481

We offer technical support through our dedicated call centre, with our agents available to assist in English, French, Portuguese and Spanish, as well as through our global distributor network in over 70 countries. As a result, you are able to receive comprehensive technical support on all CENTURION products. For that reason, we strive to offer greater peace of mind knowing that there is local support for you when needed.

PRODUCTS YOU WILL LOVE

Door automation solutions

Seamlessly blending **stunning aesthetics, whisper-quiet operation** and **innovative technology**, CENTURION **door automation** solutions create a superior user experience at every consumer touchpoint, and deliver futuristic functionality with a flair for the fantastic. Not only do these premium operators offer an elegant and wholly unobtrusive door automation solution for both swing and sliding doors, but they are practically indefatigable thanks to the use of the finest quality electrical and mechanical components, with certain models rated for up to 2 million maintenance-free cycles.

SECTOR II high-volume industrial traffic barrier

Introducing the heir to the throne of high-volume vehicular access control. With an updated look that perfectly matches its superior performance, an optimised design for the ultimate in ease of installation and boasting the awe-inspiring speed that made its predecessor king of the access control jungle, the SECTOR II is the embodiment of automation evolution.
