

QUALITY POLICY

CENTURION SYSTEMS (PTY) LTD, (The Organisation) has developed and installed a documented Quality Management System that will ensure that its products and services will meet the needs, satisfaction, and requirements of its customers and applicable regulatory and legislative requirements. We are also committed to continually improving our Quality Management System.

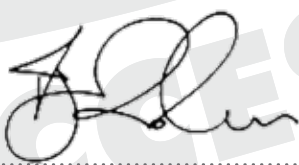

As an organisation, we have made a commitment to understand and meet our current and future customer's needs and their requirements and will strive to exceed their expectations.

We as an organisation, recognize the relationship we have with external providers, which are interdependent and mutually beneficial that enhances the ability of both us and them creating value.

Employees will be trained and encouraged to understand the quality policy. As an organisation, we recognize that people are the essence of any good business and their full involvement enables their abilities to be used for our benefit.

Centurion Systems understand that a desired result is achieved more efficiently when activities and related resources are managed as a process or series of interconnected processes.

This policy is available and communicated to all stakeholders as well as being made available to the wider community through publication on our Website, Company Noticeboards and Intranet.
